# ORVIS SPRING DEALER GUIDE 2021

## ***WE'VE BEEN HERE FOR 164 YEARS FOR TWO REASONS...***

***A FAMILY'S LOVE OF A WAY OF LIFE AND THEIR COMMITMENT TO SHARING IT WITH OTHERS.***

In those years we've seen our share of wars, recessions, and depressions—and we're still here. Together with you, we will work through this as well in these times of uncharted change. We are already seeing a desire and a rise in demand as people search for ways to safely return to the outdoors. At the core of the Orvis brand, fly fishing is the ultimate way to reconnect with the natural world in a new era of social distance. Our product line is the strongest it's ever been, and we are continuing to invest in that strength. We are working to find new ways to bring people into the sport, including new virtual fly-fishing educational platforms, and our commitment to the resource and conservation is stronger than ever. Now more than ever, our mutual success is inextricably linked. The value of your expertise and reputation, coupled with the enduring strength of the Orvis brand, is the foundation of this effort. The future of fly fishing and the lifestyle that surrounds it is bright with the promise of better days ahead, and we look forward to partnering with you to build and sustain your business to get there.

# EUROPEAN NYMPHING

*"European nymphing technique maximizes an angler's ability to cover more water and present nymphs in the most effective way possible. Using a longer, lighter-weight rod and a tactical nymph line offers enhanced reach, sensitivity, and reduced line sag. This technique gets the flies to the strike zone faster, keeps them in the feeding lane longer, and offers anglers much improved contact with their flies for more effective and efficient drifts."*

# TROUT SPEY

## FIVE TWO-HANDED TROUT RODS FOR IMMEDIATE DELIVERY

We've heard the ever-increasing demand for lightweight two-handed rods for trout and have worked to develop a group of rods to meet that demand. These rods will figure prominently in the Fall Fish catalog as well as significant digital marketing exposure. The popularity of two-handed angling has opened new ways to approach trout fishing. This means increased opportunities for new business as trout anglers discover this new approach. Below you will find five lightweight two-handers at two price points and three line weights. These longer three-, four-, and five-weight rods offer significant tippet protection, an increased fish-fighting feel, and yet can leverage large fish without an exhausting battle. You asked and we listened. Five exceptional lightweight two-handers in both Mission and Clearwater.

Director of Design and Development for Outdoor  
Shawn Combs, Spey casting for trout on the Battenkill

## ORVIS® ANGLER'S PACK SERIES

### COMPLETE ERGONOMIC AND SUSTAINABLE REDESIGN CREATES MUST-HAVE PACKS FOR ANGLERS

The new Orvis Fishing Pack series is the result of more than two years of research into customer and Orvis associate feedback on fishing packs in use; the good, the bad, and the sometimes ugly of on-stream functionality. From this research emerged a picture of usage, the features touched most often, the convenient, and the inconvenient, which laid the framework for new designs and innovative new features that streamline and improve the fishing experience.

- Innovative new features that solve age-old problems.
- New Tippet Whippet on all packs offers recessed, stable, and easily accessible tippet spools. No more dangling spools.
- New easily accessible net storage options on larger packs.
- Improved placement and function of existing features, creating confidence in on-the-water workflow.
- An ergonomic evolution in fishing pack design.
- Built with 610D CORDURA® polyester with a 40% recycled content.
- Lined with 100% recycled 200D nylon for extreme durability and a sustainable footprint

Throughout the book, this icon signifies an item is capable of accepting embroidery for custom shop or guide service personalization.

## Spring 2021

## Orvis Name Drop Custom Embroidery

### 1. Minimum embroidery orders are as follows:

**Shirts** - 12 per style per image or logo; choose from any available colors

**Hats** - 12 per style per image or logo; choose from any available colors

### 2. Embroidery charge is \$3.00 per image per item or garment, except there is no additional embroidery charge for hats - the charge is included in the hat prices on this order form. Embroidery charge may exceed \$3.00 for very large images or high stitch counts. An extra \$1.50 will be charged for the addition of any version of the "Orvis Endorsed" logo.

### 3. The embroidery program offers three ways to customize items:

**a)** Use a "stock" image and "drop in" your shop or lodge name, or

**b)** Submit an already digitized file of your logo or image. Digitized artwork may be emailed to Denise Hamilton at [dealerspecialstrke@orvis.com](mailto:dealerspecialstrke@orvis.com), or

**c)** Submit your logo or image artwork file and Orvis will provide a digitized version from which embroidery can be created. A one-time digitization fee will apply. Artwork to be digitized may be emailed to Denise Hamilton at [dealerspecialstrke@orvis.com](mailto:dealerspecialstrke@orvis.com). Artwork should be in .jpg, .pdf, or .eps format.

### 4. Allow 3 weeks for delivery. For newly digitized files, allow 3 weeks after final approval of digitization for delivery.

### 5. Changes to preseason embroidery orders must be made 6 weeks in advance of scheduled ship date.

### 6. Actual freight costs are charged to ship embroidery orders.

Embroidery orders may be faxed to 800 442 2050 Attn: Denise Hamilton, or may be emailed to Denise Hamilton at [dealerspecialstrke@orvis.com](mailto:dealerspecialstrke@orvis.com)

## DEALER GUIDE ICONS KEY

50/50

These items are offered in both men's and women's sizing and colorways with identical technology. The only differences between the two are design and fit.

UNISEX

These items are offered in one size option, however the sizing options accommodate both men's and women's sizes.

EXTENDED  
SIZING

These items are offered in more sizing than most items in the Orvis line. In men's this often means this item is offered in small and/or XXXL sizing. In women's this means that our bottoms are offered up to size 20.

INSECT  
SHIELD

The Insect Shield® process binds a proprietary permethrin formula tightly to fabric fibers resulting in effective, odorless insect protection that lasts the expected lifetime of apparel.

Permethrin has been successfully used in the United States as an Environmental Protection Agency (EPA) registered product since 1977 with an excellent safety record. It is used in lice shampoos for children, flea dips for dogs, and various other products, some of which are regulated by the FDA.

UPF  
PROTECTION

30: Very good UV protection. Approximate % UV blocked: 96.0% - 97.4%  
45+, 50: Excellent UV protection. Approximate % UV blocked: 97.5% - 98.0%

NAME  
DROP

These items are capable of accepting embroidery for custom shop or guide service personalization.

POLYGIENE®  
STAY FRESH

Sweat is natural and odorless but mixed with textiles it creates a moist and warm environment which is ideal for odor-causing bacteria to multiply and grow. Polygiene prevents the growth of odor-causing bacteria and fungi at the source and keeps clothes fresh and odor free for extended wear.
